

My Home Group Minutes for the Meetings Held during September 2022 at The Square.

In Attendance

7 Tenants in attendance

Alan Morris – Housing Services Officer

The groups were welcomed to three smaller format meetings and each member was given a few minutes to discuss what is going on at home and in their life in general.

The main reason for this meeting was to view the draft charter report and get our tenants involved with the design and how easy it is to understand. Also, up for discussion was the easy read tenancy agreement which the group loved being part of. This would be adopted following the groups input which was relayed back to the SCLD.

The group were excited to get back to business and thought the draft charter report was easy to understand and had a nice colour scheme. They were happy with the front cover and the statistics that were within the document. Missing in the document were pictures of our tenants which the group picked up on as the photoshoot was due to take place shortly afterwards.

The meeting was wrapped up in plenty of time for the group to leave for 2pm.
